CAUTION EXTRA

A man by the name [illegible] has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, which they call Dr Townsend's Sarsaparilla, denominating it GENUINE Original, etc. This Townsend is no doctor and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr Jacob Townsend's Sarsaparilla, having on it the Old Dr's likeness, his family coat of arms, and his signature across the coat of arms.

Principal Office 102 Nassau St, N. Y. City.

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL TOWNSEND SARSAPARILLA. [illegible] he was compelled [illegible] which means [illegible] been kept out of market, and the [illegible] circumscribed [illegible] those only who had proved its worth and known its value. It had reached the ears of many nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER

Knowing many years ago that he had by his skill, science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this GRAND AND UNEQUALED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. [illegible] is well known [illegible] medicinal properties and some properties which are inert or useless, and others, which, if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from anything else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed, everything capable of becoming acid or of fermentation is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men, women and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA and LIVER COMPLAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES, and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs, and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Disease.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies, as Spinal Irritation, Neuralgia, St Vitus Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

the medicine you pre eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS

while the other DOES; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid exploding and damaging other goods! Must not this horrible compound be poisonous to the system? What! put acid into a system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischief it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhoea, dysentery, colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and infinitely worse to use this

SOURING FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND!

and yet he would fain have it understood that Old Dr Jacob Townsend's Genuine Original Sarsaparilla, is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases.

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know by joyful experience its

Transcendent Power to Heal.

BANGOR DAILY WHIG AND COURIER.

BY SMITH & SAYWARD. | FRIDAY, JANUARY 11, 1850. | VOLUME XVI.....NUMBER 164.

Bangor Daily Whig and Courier

IS PUBLISHED

Over the Kenduskeag Market at **Four Dollars** a year, payable half yearly in advance. All subscriptions for less than a year to be paid in advance, and all orders for discontinuance must be accompanied by the amount due.

The **BANGOR COURIER** is published at the office of the Daily Whig and Courier, every Tuesday morning, at **Two Dollars** a year in advance, or Two Dollars and Fifty cents if not paid within six months from the time of subscribing.

☞The publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.

Mr. Elisha Field, Boston, is agent for these papers. Advertisements left with him will be immediately forwarded.

IMPORTANT

TO OWNERS OF HORSES AND CATTLE

DILLOW'S CELEBRATED HEAVE AND UNIVERSAL CONDITION MEDICINE, universally admitted to be superior to anything now known for the following diseases in HORSES AND CATTLE. In Horses—Heaves, Coughs, Colds, Glanders, Distemper, Hide Bound, Worms, Botts, Scurvy and Scab. In Cattle—Botts, Staggers, Loss of Cud, Horn Distemper, Black Tongue, Colds, Coughs, &c. On trial these powders will be found to be the best renovating medicine extant for all herbivorous animals, as they operate directly (in smaller doses) upon the secretive glands and humors of the blood, and when horses and cattle are dull and stupid, and while their hair presents a rough and staring appearance, or while they are changing their coats—at such times a few doses will be found indispensably necessary to bring them into proper condition.

☞Give the article a trial, and it will recommend itself.

DILLOW'S GREEN OINTMENT,

For Founder, Scratches, Ringe, [illegible], Diseases of the Feet, Saddle and Harness Galls, Swelled Legs and Grease, and for all cases where a healing ointment is needed.

To the Farmer, Dairyman, Wool Grower and Groom this Ointment is an indispensable article—in proof of which numerous certificates of its efficacy could be given, but it is not necessary, as it will stand entirely on its own merits.

☞For certificates and particulars, see circulars left with agents.

HONEY! HONEY!!

BY BEES FED.

WHO ever supposed that the management of Bees and the making of Honey would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business.

A citizen of this State has invented a mode of treatment by which Bees can be managed without difficulty and at a small expence, honey made at the rate of from three to four hundred pounds per swarm, each season. The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others, either by town or individual rights as may best suit purchasers, and on such terms as bring it within the reach of all wishing to engage in it.

The advantages gained by this Patent, are—

1st, A perfect command of the Bees and a large increase of the swarms, without the trouble of hiving.

2d, A full security against the danger of robbing by neighboring Bees.

3d, The honey is of a better quality and much more in quantity per swarm than has ever been made by Bees managed in any other manner. This is done by feeding, as by that means the Bees is not only rendered independent of flowers for his supplies but able to give his whole time to the work of making and storing his honey.

4th, The opportunity is afforded of taking the honey at any time without disturbing the Bees.

Lastly, It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income and aged persons and persons of feeble health to support themselves independently and that to with little or no labor.

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase that, on trial, they will find it answering their highest expectations.

His residence is at this place, where he will be happy to answer all those who may address him (post paid) on the subject.

East Corinth, Nov 6, 1849

GREAT IMPROVEMENT IN

***Planing, Tongueing, and* Grooving Lumber.**

JOSEPH P. WOODBURY'S

Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers the sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness in one hour, producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane, and is peculiarly adapted to plane and joint clapboards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass.

One of the above Planing Machines may be seen in operation by calling on the [illegible]

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me, to the Editor of the Gospel Banner.—

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring I received very great benefit from the use of N. H. DOWN'S ELIXIR.

I had been troubled some weeks with a severe cold which so affected the vocal organs, that it was with great difficulty I discharged the duties of my office. My cold continued until I was completely prostrated by bleeding, which created a dry, hard cough. My appetite failed, my strength wasted, and my flesh disappeared. Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that should be relaxed. I used other kinds of patent medicines, but with no good effect; seven weeks I continued gradually to sink under my disease. At the expiration of which time, I was extremely weak, my skin dry and husky, and my feet and hands cold most of the time. I had a dull, heavy pain between my shoulders, and a distressing pain at [illegible] of my stomach. My tongue was coated with [illegible] white fur, bowels very irregular and costive, [illegible] night sweats, dry, hard cough, difficulty [illegible] and low spirits. My stomach at this [illegible] sore and weak, that it was with difficulty [illegible] stand erect. This was my situation when [illegible] the use of N. H. DOWN'S ELIXIR,—to my great joy, and the greater joy of my friends, and that the use of it a few days had regulated my bowels, equalized the circulation and produced a healthy moisture upon the skin. I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength. I continued its use six weeks, using six bottles, at which time I was able to resume my ministerial labors. I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed.

I have given it to my children in colds, and in a case of measles, and it has proved ALL it is recommended to be.

I therefore cheerfully recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended. Yours truly, J L LOVELL.

Camden August, 1849

Facts deduced from the foregoing letter.

1st Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty.

2d It is perspirant. It equalises the circulation—restores a healthy moisture to the skin, and vigor and tone to the system.

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system.

4th It cures colds—is an effectual remedy for the measles, and proves "ALL IT IS RECOMMENDED TO BE."

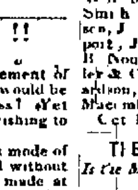
It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G W LADD, CURTIS & PERKINS, A P GUILD, WM MANN, G McFARLAND Bangor, L S Smith, J W Curtis & Co., Hampden, Chas Johnson, J B Chick, Frankfort, H P Fifield, Bucksport, J Hooper, Jr, S P Hatch & Co., Castine, B Nourse, Geo Parcher, Ellsworth, E P Butler & Co Orono, J & R Fisk, H & J Y Richardson, Oldtown, Wm O Poor, Belfast, Chas A Macomber, R F Slocomb East Thomaston.

Oct 19 1849 3tawd&wtmay 1850

THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for

COUGHS, COLDS AND CONSUMPTIONS, Asthma, Pleurisy, Phthisic, Spitting of Blood, Hooping Cough, Bronchitis, and all Pulmonary Affections and Diseases of the Lungs and Chest.



It is thus spoken of by eminent Physicians. One says—"For the above complaints it is superior to any other preparation used." Another—"It has been used with wonderful success, and has a popularity over every kind of medicine used." Another—"I can with confidence recommend it." Another—"I has been used with complete success, and I am satisfied that it is a valuable medicine." Another—"It is a safe, convenient, and very efficacious medicine." Another—"It has never, to my knowledge, disappointed the reasonable expectations of those who have used it." Another—"It is equal if not superior to any other medicine within my knowledge."

Extract from a letter dated Dayton, Ill, April 13, 18[illegible]—"It was first introduced into my family by a celebrated Physician some ten years ago, and such was the benefit my wife derived from it that we have not been without it in our house since. I have also recommended it to at least fifty different persons since, for Affections of the Lungs, and I do not know of a single case in which it did not give immediate relief, and some when cured after being given up by their Physicians."

☞BEWARE OF COUNTERFEITS AND IMITATIONS such as CARTER'S COMPOUND PULMONARY BALSAM, AMERICAN PULMONARY BALSAM, and others, to sell, bearing the name. Enquire for the article by its whole name the

"VEGETABLE PULMONARY BALSAM,"

and see that it has the written signature of WM JOHN CUTLER upon a yellow label, on the blue wrapper. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines, Paints, Chemicals, and Dye Stuffs, 33 India Street, Boston, and sold by Druggists, Apothecaries and Country Merchants generally. For particulars and recommendations see a Pamphlet accompanying each bottle. Price 50 cents.

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office.

WASHINGTON

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, where bu a Patent may be procured about six weeks earlier, he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions, and of consulting in respect to them, matters, in general of paramount importance in order to obtain correct specifications and claims. The experience of sixteen years practice, an extensive collection of rare works decisions &c or mechanical subjects the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R H EDDY, Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq, of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

Late Commissioner of Patents

Aug 7, 1849. Sept 1850

DOCT. MARSHALL'S

Aromatic Catarrh and Headache Snuff.

THIS article is the best preparation in the world for a cold in the head, the HEADACHE, and all CATARRHAL AFFECTIONS.

It cleanses, strengthens, and restores to healthy action all those organs and membraneous passages of the head, the obstruction of which produces pain in the fore head and region of the eyes, a sort of snuffing in the nose, a sense of matter dropping from the head into the throat, &c. All these it cures easily and speedily, and the most confirmed cases of CATARRH, it usually cures in from two to four months.

It is also an unfailing cure for the NOSE BLEED, if persevered in but a short time.

Sold at wholesale and retail by Druggists generally, and by David Bugbee, G W Ladd, Curtis & Perkins, A P Guild, Wm. Mann, G McFarland, Bangor, L S Smith, J W Curtis & Co, Hampden, Chas John son, J B Chick, Frankfort, H P Fifield, Bucksport, J Hooper Jr, S P Hatch & Co, Castine, B Nourse, Geo Parcher, Ellsworth, E P Butler & Co, Orono, J & R Fisk, H & J Y Richardson, Oldtown, Wm O Poor, Belfast, Chas A Macomber, R T Stocomb, East Thomaston.

Patent Bedstead.

THE Subscribers have purchased the right of manufacturing and vending HINKLEY'S IMPROVED PATENT BEDSTEAD for the city of Bangor.

This improvement is simple in its construction and consists in furnishing a substantial Bottom to Bedsteads, which shall be elastic and have all the advantages of a Sat, or Sacking Bedstead, while at the same time it serves to secure the posts and rails compactly together without other aid. It can be fitted to any Bedstead, old or new, with much less time and labor than is required to put in a cord and when fitted, gives great strength and support, and keeps the Bedstead in proper shape. It cannot be doubted that this simple improvement, will when known take the place of every other method now in use. We can confidently recommend the above improvement to our customers and to the public as the cheapest most substantial and best Patent Bedstead ever invented.

The Public are respectfully invited to call and see for themselves. SHAW & MERRILL,

m29 tf No 66, Main Street, Bangor

Holden's Alterative and

TONIC MIXTURE,

IS the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ, and for removing many troubles which are often attributed to impurity of the blood.

Its action is that of a mild Alterative and Tonic, restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the appetite becomes regular and good, digestion perfect, sick head ache and many nervous disturbances growing out of imperfect digestion are generally cured, persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin, many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troubles of children, supposed to arise from worms, are caused by a deranged state of the stomach, and are removed by its use. Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

Home Testimony

We, the undersigned, have ourselves or in our families used Holden's Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended.

Isaac W Patten,	John Appleton

I have sold a large number of Holden's Alterative and Tonic Mixture the past year in this city, and have found it to give more general satisfaction than any article I have sold for the purposes for which it is recommended, and have received many verbal assurances of its extraordinary efficacy from persons whom I feel confident could not be deceived. ALBERT EMERSON.

Bangor Nov 24, 1848

HEALTH AND STRENGTH.

DR S O RICHARDSON'S

Sherry Wine Bitters.

INDIGESTION & COSTIVENESS CURED

THESE celebrated Bitters are composed entirely of vegetables of the most innocent yet effectual virtues—they give purity and tone to the STOMACH AND BOWELS,

and are the most effectual remedy ever known for

Indigestion,	Bilious Attacks,
Liver Complaints,	Giddiness,
Jaundice,	Nervousness,
Flatulency,	Wandering Pains,
Heartburn,	Sinking Faintness,
Sick Headache,	Sour Stomach,
Loss of Appetite	Weakness,

Piles and Humors.

A more powerful and healthy action of every faculty of the body will be effected by their use, for they give

LIFE FIRMNESS AND VIGOR,

Promote action in the stomach and bowels, cleanse from unhealthy secretions, purify the blood in the most thorough and effective manner.

AS YOU VALUE HEALTH BE CAREFUL and observe that

All Bitters prepared by me have a fac simile of my signature on the outer envelope.

☞To counterfeit which is Forgery.☜

For the convenience of families, I have the roots and herbs ground and packed in papers, which MAY BE USED IN WINE OR WATER.

☞Orders from agents merchants, traders, druggists, apothecaries and dealers in medicine, will be punctually attended to.

Abdominal Supporter.

☞WILSON'S IMPROVED PATENT.

THE subscriber, having purchased the right of selling the above instrument for the County of Penobscot hereby cautions all persons against selling any other supporter in general and Fitche's in particular, being an infringement on Wilson's Patent granted May 26 1843 for twenty years, and a reward of ten dollars will be paid to any person who will furnish sufficient evidence to sustain an action of trespass against the above right after this date.

This improved Supporter has but recently been fairly before the public. The right for selling it is offered on condition, that in case it is not what it purports to be the purchase money will be refunded. In Constipation of the Bowels, Prolapsus, Uteri, "Falling or bearing down" of the Womb, Fluor Albus Sinking at the Stomach Weakness, and Pains in the Side, and Small of the Back, there is probably not a more effective remedy.

This Supporter should, and doubtless will be in the hands of every scientific Surgeon and Physician. It is a mechanical skill, and will perform that which medicine fails to achieve.

The attention of Physicians and Surgeons throughout this county is invited to the above instrument and rights will be sold to towns and districts and Supporters furnished on the most reasonable terms. For a single Truss price $6 00.

Physicians in the country may communicate post paid, giving the number of towns and inhabitants for which they wish to purchase the right, and terms will be promptly given and a Supporter sent as a sample, if requested for examination.

Whig and Courier.

John S. Sayward,—Editor.

FRIDAY, JANUARY 11, 1850.

☞ The efforts made by Gen. Cass, in the U. S. Senate, in order to cause a suspension of diplomatic intercourse with Austria, very forcibly suggests the inquiry as to the object of maintaining foreign Ministers. Is it for the purpose, and designed to compliment and manifest an approval of their form of government and mode of conducting it, or whether the purpose and design is to have a resident minister to guard our own National honor, and to protect speedily and upon the spot the rights and interests of our people.

It will be seen that there is a very great difference in these two objects. If the former be the real object then, most certainly, our government has gone too far, altogether too far in complimenting and approving foreign governments, and kept Mr. Cass quite too long at the court of Louis Phillippe. And then again, can we go on, ought we to go on complimenting and approving of Russia.

Upon the ground that we support Ministers to foreign governments to take care of our own concerns, and for the interest and welfare of our own people, then the worse that government is, the more need there is for doing this. In this case, we are not responsible in any way for the form or character of such foreign governments.

The atrocities of Austria touch every human heart. The voice of man everywhere, ought to be raised against such abominations, and to give Austria and the world to understand that no political associations and no force or might can be tolerated in trampling upon humanity. But all this does not impose the duty of our government acting upon principles which they cannot apply universally, and which are consistent and right in themselves for a government to undertake.

There are a great many practical and home duties devolving upon our government. Its mission is first that of Patriotism, to care for and secure the highest possible welfare and progress of its own people—this is an imperative duty which it ought, on no account, to neglect. Its purpose should be to make this the best government under the whole heaven for the people, and to prove it to be so by the freedom, progress, elevation and happiness of all its people. For this end it was created, and clothed with power. Beyond this it may and ought and must sympathise deeply and keenly with the emotions of philanthropy for mankind generally, and wherever and in whatever condition found. The government must be patriotic before it assume to be philanthropic—its own household must first be provided for.

We do not propose now to discuss this matter at length, but throw out these hasty thoughts for consideration.

☞ The Boston Journal reckons, amongst the miseries of city life, that of attending a crowded to suffocation. After much difficulty you congratulate yourself on having secured a seat, but soon find to your vexation, that you are seated behind one of those loving young couples, who frequent such scenes to enjoy each other's society and conversation, and by continually whispering soft nothings into each other's ears, and indulging freely in remarks of a tender and sympathetic nature, all of which you cannot avoid overhearing, you are prevented from deriving any enjoyment from the performances, and go home with your nerves lacerated and raw, breathing invectives against the ineffable stupidity and folly of lovers, and wondering why laws which are intended for the protection of the community will allow them to frequent public places, to the great annoyance of all with whom they come in contact.

☞ The Washington correspondent of the Tribune states that the President will, in a day or two, fully respond to the resolution of the House, calling for information and copies of instructions given to any agents, civil or military, in regard to the organization of California into a State Government. The writer remarks—"The letter of instructions from the Secretary of State to the Hon. T. Butler King, who visited California in a quasi-official capacity, will be found to be highly interesting, and the entire papers will augment the confidence of the people in the administration of Gen. Taylor."

LEAVES FOR A CHRISTMAS BOUGH.

We have received from Messrs. George R. Smith & Co. a small, neat volume with the above title, published by Messrs. Wm. Crosby & H. P. Nichols of Boston.

It is a grouping of pleasant, short articles, by the hand of one who deeply sympathises with the young, and would lead them onward, to Love and to Truth and to Hope, in the journey of their mind's life.

☞ On Monday last the Legislature of Massachusetts made choice of George N. Briggs Governor, and John Reed Lieut. Governor of that Commonwealth. The following have been chosen the Governor's Council: Thomas Tolman, of Boston; Samuel Wood, of Grafton; Samuel L. Crocker, of Taunton; Charles M. Owen, of Stockbridge; Timothy J. Gridley, of Amherst; Luther V. Bell, of Somerville; John Tenny, of Methuen; Benj. F. Copeland, of Roxbury; Solomon Davis, of Truro.

☞ We learn from the Salem Gazette, that Nathaniel Hawthorn, of that city, whose reputation as a writer is established on an enduring basis, has been engaged by the proprietors of Blackwood's Magazine as a writer for the pages of that celebrated periodical.

☞ Mr. Ballard's class in Mnemonics in this city and another at Orono, are quite in raptures with the success which has attended his instructions. Mr. B. should have several other classes here, and doubtless will.

☞ We learn that Rising Virtue Lodge of Masons propose making their "Household Gods" to be present at the installation of officers on Thursday evening next.

Suffering Hungarians.

Who that possesses the generous feelings of humanity, can view with indifference, the suffering state of the Hungarians, and the atrocious conduct of their cruel conquerors, who have wrested from them everything which was dear on earth, and violated the Law of Nations. They have massacred by hundreds those taken prisoners in war, and fiend-like, have taken those heroic women who were willing to endure every hardship and suffering to sustain their noble cause of justice, and tied them up to posts, and stripped them and whipped them unmercifully. They have set fire to houses and other property, leaving multitudes of old men, women and children destitute of a shelter or home. While many of these noble defenders of their rights had to become exiles, or share with those taken prisoners.

Should not every civilized government solemnly protest against such barbarous outrages, and withdraw all intercourse with them until they shall acknowledge their national and individual rights?

But what is to be done for the relief of those noble, but destitute sufferers, who have expressed strong wishes to come to this country, if they can obtain help to pay their passage?

Will it not be a source of satisfaction hereafter to all who by making some extra efforts shall assist in rescuing those who so much need our sympathy and aid?

We see some accounts of generous contributors which have been made in this worthy cause, and shall not Bangorians contribute something? H.

MECHANICS' COLLEGE. The Bunker Hill Aurora learns that two gentlemen in the city of Boston propose to open a Scientific School for Mechanics,—apprentices, journeymen and masters—in which a regular course of lectures and lessons are to be given in Mechanics, Mathematics, Drawing, Engineering, &c, with the ultimate design of establishing an institution of high order exclusively for the instruction of mechanics in all those branches of science applicable to their occupations.

☞ By referring to our advertising columns it will be seen that immediate measures are to be taken here to enlist the enterprize of our people in favor of an iron river from here to Waterville with an open navigation all the year.—there will be a public meeting on Thursday evening next.

☞ Twenty-five Mormon preachers arrived at St Louis from the Salt Lake on the 29th ult. They are bound on a mission to preach Mormonism to all the world. One preacher of that order, whether one of the above number we do not know, is now in this city and will soon, probably, make a demonstration.

☞ The Skowhegan Clarion makes mention of five cases of robbery, store-breaking, &c, in that vicinity within a few days.

Penobscot Temperance League.

In presenting the first annual report, the executive committee congratulate their associates and the public that the objects of the Penobscot Temperance League are found to be practicable. The experience of nine months demonstrates that the law of 1846 is no dead letter; and that efforts to enforce it, earnestly and resolutely made, cannot fail of success. It shows, also, a growing public sentiment in favor of the law and order; and evinces that in spite of the bitter and selfish opposition of the interested few, the degrading subserviency, affected coldness, and calculating conservatism of the many, there is an efficiency in the bold, earnest, and persevering friends of Temperance to carry forward this noble enterprise.

If any supposed the undertaking an easy one, capable of being consummated in a few months your committee were not of that number. If any imagined that the rum-power would yield without a violent struggle, they little knew the character of the men who constitute that power. Men, who to this late day have resisted the moral influences and urgencies which have borne against that withering traffic are ready for fight. Men, who can face the debasing and brutalizing effects of that traffic, can face anything. Interest rules them; and it is, only through that interest they can be reached. Instead of asking, 'What is right?'—their question is, 'How can we successfully resist these efforts to stop our unlawful gains.'

This was foreseen; and the League was formed, not to take these men by storm, but to press them by seige. The work has been prosecuted to the extent of our means, and has not been remitted from the hour of its commencement. If all has not been done we ardently wished to accomplish, or our friends expected from us, we have done what we could; and, in our estimation, have done much compared with what has ever before been done for enforcing the law.

The first suits were instituted about the middle of April last. Since that time more than 250 suits have been commenced. Of these some 50 have failed of service from various causes. About the same number have been discontinued on account of the death or absence of witnesses, or from other accidental causes.—Eighty-five have been tried by magistrates, judgement given for the Plaintiff, and appeals entered by Defendants. In fourteen cases only has judgement been given defts, on trial; and in a single case have costs been recovered against the plfs. In twenty-two cases, where the pltf. recovered judgment, no appeal has been taken. In nine instances the defts. have been defaulted. Fourteen cases were settled before entry. More than eighty suits are now pending before Justices of the Peace; and more than two hundred other cases, are booked for immediate use. Final settlements have not been numerous; and, until recently, propositions of settlement were of rare occurrence. There was evidently a determination to fight it out. No expense have been spared in the defence. In some instances the trial of a single case has occupied a large part of a day, and in some, a whole day has proved too little time for so grave a matter. This has rendered our progress slow; but the expense of such fighting, may not be an unimportant instrument for bleeding the traffickers. The abler and more indefatigable their advocates, the better for our purpose. Some of them have been tired to death—or to running away, which is much the same to us.

Since the riots and violences of August last, the rum-spirit has been more tame, and the contest less severe. Those violences, and the sham conspiracies, so effectually used up by the Grand Jury, aroused a healthful public sentiment, which has turned a deserved odium upon the whole traffic.

The little respectability it retained, on account of the few prominent men concerned in it, was seriously tarnished, and it has been forced to hide its head in disgrace. What face of unblushing it will next assume we know not; but we well understand that though 'scotched it is not killed.' If we persist according to our present purpose, (and persist we shall,) we have not met it for the last time. Its hissings are yet heard, though its head is concealed. Anonymous threats, and secret intimations, show that a life-pulse and a fang are yet retained, waiting but a propitious opportunity for further disclosures.

Let the friends of law and temperance be prepared. Let them not, as did many in June and August last, fall back and give the enemy comfort in the hour of danger. When most you are wanted, then most be found. Had every temperance man stood at his post fearlessly and unblenchingly, at Oldtown, at Newport, at Levant and its neighboring towns, when force sought to displace law, those violences would have been turned to immediate account in putting down the traffic. Instead of this it has aided in suffering the traffic by a sort of reaction; a process slow, but sure, when sustained by the firm and unyielding perseverance of the most active and uncompromising friends of the cause.

It was the crisis. It was the very point at which prosecutions had theretofore failed. It was the trial table of the League. If it had energy to stand that trial, its friends might well calculate on its efficiency and ultimate success. The eyes of friends and enemies were turned to it with lively, but different interests. The former were full of fears—the latter began to sing paeans of triumph. Witnesses and prominent advers in the cause, were dragged before magistrates ready to do the bidding of the rum-power, and were put under bonds as criminals. Others were beaten, threatened, assaulted in the streets, and stripped in the most brutal and cowardly manner.

The latter part of August will not soon be forgotten. Cholera was not the only, nor the worst plague, that raged in our midst.

But our cause stood the ordeal. If the men who stood forth were few in appearance, and not mighty in presence, they were sustained by a sense of the rightness of their cause, by a determination that its failure should not rest on their shoulders, and by a known and healthful public sentiment, too silently, yet not inefficiently in their favor.

They knew that law and justice, that courts and juries were for their defence. A defection here and there did not dishearten them. They had anticipated all that came and were prepared for the issue. It came. It was met. Our cause is above its enemies; and at no time since the organization of the League, has its prospect of progress, and ultimate success and triumph, been so bright as it now is. Testimony flows in daily; and it comes from sources heretofore unknown. It wants but the united energy of the true friends of these prosecutions to carry them to the suppression of the traffic.

Complaint has been made, not without reason, that our agents have sometimes been too lenient in granting favorable terms of settlement to those prosecuted. The error has not been, certainly, in the opposite direction. To be lenient and charitable has a leaning towards virtue; but indulgence to rumsellers has seldom worked well in practice, and the confidence reposed in them has, in most instances, been betrayed. The committee has been obliged to reprove, where they would be unwilling to censure, on account of their views of the motives which induced the acts. A more stringent course will be found necessary and we deem the best measure of justice that which the law fixes through the civil magistrate, or the court and jury. When cases arise which would form exceptions to this rule, they should be submitted to the tribunal provided by the constitution of the League, unless in extraordinary cases, in which the attorney must act promptly, and should act with strict and severe discretion.

Much credit is due to several of the towns for the readiness and promptness with which they have met our call, by memberships and pledges. The latter have been called in only in a limited degree. Several generous donations have aided our funds, and others have stood ready for our call.

We deem it important that a large fund be raised as speedily as possible. It is found necessary to advance considerable sums in these suits, for paying witnesses, officers' fees and the expenses incident to prosecutions.

Testimony cannot, as yet, be obtained, without considerable expense; and without a constant supply of testimony, progress is impossible. An available fund will secure immediate and important results.

It is necessary to have one or more agents constantly in the field. The Rev. Ariel Ward has rendered effective service the few months he has devoted to his agency. That agency should be continued.

For several months there has been little done in prosecutions in the city. The energies of the League should now be brought to bear directly and earnestly upon this important focus. If our friends in the country towns, visiting the city on business, will keep their eyes open, and report to the committee what passes before them in the hotels and shops they visit, an effectual work can be done at a moderate expense.

We urge upon all Temperance men in the County the importance of co-operation in procuring evidence of the violation of the law.—The more who are willing to testify of facts like these, the less will be that absurd odium which the interested, labor to throw upon all who dare to expose them. Several instances have recently occurred of men of honorable and elevated standing, who have volunteered to testify of violations of the Statute which have come under their immediate observation. Such instances should be less rare. Every Temperance man should imitate their noble example; by so doing both the odium and the traffic would cease.

If it be true that Temperance men patronize rum taverns, let them turn their visit to account by careful observation, and a faithful report. If this course render their patronage less welcome, it will render it less useful. This is an atonement due from such men for their inconsistency to the cause they injure.

Much credit is due to those men who have been willing to procure and give in testimony of the violations of the law; who have stood firm amidst the peltings of the pitiless storm. No means have been untried to corrupt, bribe, or terrify them. With one or two exceptions they have stood unawed and uncorrupted.—One of these men who was pursued with a virulence unparallelled sunk in the struggle. He was a poor man with feeble health and of a nervous temperament; and the arrows which could not terrify, wounded him. Wasted in body but unyielding in spirit, exerting himself beyond his strength to provide for his helpless family, he early fell a victim to the scourge which swept through our city. His wife speedily followed him to the grave. Their family of orphans appeal to this league to prosecute the work in which their parents devotedly fell, and draw from the destroyers of their home a fund for their relief. Should a fund ever be realised from these prosecutions, no better disposition could be made of it than to use it for the relief of such as have suffered in efforts to render the law triumphant over the evils of this accursed traffic.

Great credit is due the magistrates who have been appealed to by the League. With a single exception they have acted with firmness, impartiality and promptitude. None applied to have hesitated to act. And we are proud to add, to the credit of our County, that no Constable nor Sheriff has ever manifested a disposition to shrink from doing his duty in serving and executing precepts directed to him. The law officers of Penobscot—such of them as prudent men, with honest purposes, would think of employing—are men of law and order, of uprightness and integrity.

The Licensing Boards of the towns, to whom applications have been made to endorse writs, have generally been found on the side of the law. In but two towns have the applications failed. In those towns the reasons offered were entirely prudential, and these Boards avowed themselves friendly to the cause.

Men less calculating are generally more efficient, and equally successful in the race for station. Where men avow themselves hostile to our objects, we can honor their consistency, if there is nothing else to honor.

Your Committee, from the outset of their work, have sought to carry it forward calmly and without personal bitterness. They have avoided personal collisions, and have constantly aimed to carry on the war against the traffic; and against the traffickers only as they have upheld the traffic. The assaults upon persons and personal character have been left to the enemies of our cause. We have left their character to speak for itself, or to be determined by their employment. We recommend this course to all Temperance men. In fact, the very term "Rumseller," has become one of the severest epithets to those whose employment it expresses; and the dishonor carried in that epithet is one of the proudest indications of our progress, one of the surest prognostics of approaching triumph. When the character of the business is lost, all which has upheld that business is lost. Notwithstanding its awful consequences, its chief support has been denied from the standing of a very small number of those engaged in the business, and the "honorable" votaries who cling to them. If the "Honorables' and the professional men would withdraw from the higher shrines of Bacchus, the uncovered pitts and hells which lie beyond, would affright the bad and afflict the best."—Hence the propriety of removing the "boxes," that the eye may fall unobstructed upon the "pit."

Are we ready for action? Bold, fearless, uncompromising action! Are we ready for the sacrifices demanded by our cause? Are we ready to WRITE for the purpose of standing firmly and boldly to our work like men? Will any of us listen to the denunciations aimed at our agents by men whose interest it is to break them down, that they may save their business and baffle our efforts? Will any temperance man lend his ear or lips to the whisper which would assassinate every reputation which stands between traffickers and their gains, which are prohibited by law? Gains which are the price of all that is wretched—all that is miserable, wherever wretchedness and misery are to be found!

The hour, the crisis, has come. Let us meet it like men. Let us rush to the combat, and secure the victory now within our reach.

Per Order,
A. WALKER, Cor. Sec.

THE TRUTH is, and it has long been a secret to us, tha those who make *large sales* can grow rich on *small profits* George W. Simmons, of OAK HALL, Boston, gives good bargains to those in want of any kind of *clothing*.

George Farrington's Oyster Saloon.
IS the only place in this city, where OYSTERS, of an excellent and superior quality, can be bought by the barrel, gallon, quart or pint. Our citizens would do well to call at the above mentioned Saloon to obtain their Oysters for family use.
Also,—Oyster Soups served up in the neatest, cheapest possible style, at this truly great, popular, and wonderful Establishment,—GEO. FARRINGTON'S *OYSTER SALOON*.
☞ Mistake not the place,—East end Kenduskeag Bridge, two doors from the very respectable John Low's but not new but old and well established City Market.

Great Rail Road Meeting.

THE citizens of Bangor, and other persons feeling an interest in the organization of the *Penobscot and Kennebec Rail Road*, are requested to meet at the City Hall, in Bangor at 7 o'clock, on WEDNESDAY, the 23d day of January, inst, at 2 o'clock, P. M.

The true welfare and prosperity of our city, demands the building of the Road, and Bangor should by the acts of her citizens, manifest the deep interest she has in the great enterprize which will immediately connect her with the rest of New England.

Addresses may be expected, and we hope to see a large and enthusiastic meeting.

W. B. S. MOOR,
M. L. APPLETON,
ALBERT HOLTON,
GEO. A. THATCHER,
ALBERT EMERSON,
GEO. W. CHAMBERLAIN,
Committee in behalf of the Corporators.

Cure that Cough.

THIS is to inform the public that I continue to prepare that superior Cough Mixture which I have been in the habit of selling in this city for the last five years, and which has proved so remarkably successful in curing so many Coughs. It removes the expectoration removes difficulty of breathing, and is the best article

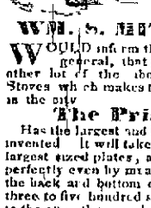
PRIAM OF TROY
AIR TIGHT
COOKING STOVE
IMPROVED FOR 1849 & 50,
AND combining more advantages for cooking than any other Stove ever offered for sale in this Market



WM. S. MITCHELL & CO

WOULD inform their friends and the public in general, that they have just received another lot of the above justly celebrated Cooking Stoves which makes their assortment equal to any in the city
The Priam of Troy
Has the largest and best oven of any Stove ever invented It will take in from four to ten of the largest sized plates, and it is heated quietly and perfectly even by means of double bottom grooves in the back and bottom of the oven, exposing from three to five hundred square inches more surface to the oven than can be done by a plain surface—The Stove is so arranged that the wood burns upon a self cleaning grate, which gives you a clear and brisk fire, without being to the trouble of first clearing your fire room of ashes, and the fire can be preserved as long as in any other Cook Stove
There is a set of large Rims or Rings connected with the Stove, so that our Farmers and all who wish to use large brass or iron Kettles, or any kind of old fashioned Ware holding from one to ten pails can do it at their pleasure The whole Stove is regulated by means of only one damper in front in its appearance, and in fact is one of the best conveniences in the kitchen now in use as hundreds who now have them will testify
Also—

MAYOR'S OFFICE,
Bangor, Dec 28, 1849
SIR—From my own observation I am satisfied that there are in this city, innumerable boys who are in our streets at unseasonable hours of the night much to the detriment of the peace and order of the city, and who are acquiring for themselves habits of a vicious character, of which is calculated to do them an infinite and lasting harm I feel confident, therefore, that the time has quite come when parents fail to do their duty to their children, the police should do it for the public
You will, therefore, arrest all small boys that may be found in the public streets after nine o'clock P M, and all larger boys, that may be found there after ten o'clock P M unless they can give a satisfactory excuse, and carry or send them home to their parents
And if the boys persist in being found in the streets at these unseasonable hours you will promptly arrest them, and confine them in the watch house until morning You will understand yourself and will also give such instructions to the night police as is necessary to carry into full effect the statute and laws of the State, and ordinances of the city designed to prevent the evil and order of the same

GREAT COUGH REMEDY

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

THIS spirit called by Poets and Physicians of the Pulmonary Apparatus, is the most certain remedy for Pulmonary Complaints ever discovered by man. Without a power to cure, it is worse than useless. Without a single opiate in its composition, it is the most powerful anodyne ever combined by man, because, while it relieves, it restores the system to healthy action. Hence it is the only remedy that can be relied on, in any case, where there is disease in the lungs.
Ever thankful for the many proofs of confidence in its virtues, which have been received from all parts of the country, the Proprietor has labored to render it worthy the unbounded confidence reposed in it by the public. No pains have been spared in the selection of the medicinal elements of which it is composed, nor in the mode of combining them. The result is, a remedy of unrivalled power to cure the most dangerous diseases of the throat and lungs.

REV DR OSGOOD
Writes—"What has done it has done enough to keep the town four months with a severe settled cough, and all symptoms of Consumption, and the attendant symptoms of Consumption, commenced the use of the Cherry Pectoral and found complete recovery. I consider it the best remedy for pulmonary complaints ever given to the people."

DIRECTIONS
New York, Nov 27 1848
Dr J C Ayer Sir—I was years since in the last of November, 1847 I had a cough of very low with very severe cough, for which I took one of your advertisements, by the advice of my brother and mother, which proved to be of great benefit to me. I continued to use your Cherry Pectoral, and continued to do so till I found myself cured and operate the effect to your Pectoral Yours Truly JAMES NAUGHTON
At the office of Hon Geo Ashmun, seven days Springfield Mass

DR PERRIN, President Vermont Medical College, One of the most learned and intelligent physicians in the country, considers the principle of pure excellence for the cure of that fearful disease, Consumption."

Hunt's Liniment,

Has astonished the world in the cure of numerous and most distressing cases that have baffled the skill of our most DISTINGUISHED PHYSICIANS, and when they

GAVE GIVEN UP

Their patients as past the help of man. HUNT'S LINIMENT has been applied, and the sufferer who has been given up to die has been restored to

PERFECT HEALTH,

A LIFE SAVED.

Most Wonderful Cure of a man 80 years of Age

In the month of November, 1844, I was attacked with inflammation in my great toe, which soon broke out in a running sore. *Mortification ensued* and the first joint of my toe came off. At that time I was under the care of the best physician in the county—every remedy had been tried but without any help. The agony of pain I endured no one can imagine; the disease ran up my leg to my thigh, and I had before up had that my physician despaired of ever being able to cure me, and after four months confinement to my bed, finally told me I must *prepare to die*—that as soon as the warm weather set in my leg would mortify and I death ensue. I gave up in despair. One of my friends brought me a bottle of HUNT'S LINIMENT, which he said would relieve the pain. I applied it and the effect was wonderful, it seemed as if new life was put in me. In using one bottle the whole appearance of my leg changed to its natural color, the pain left me, and by 50 cent bottles entirely cured me, to the astonishment of myself and the whole neighborhood. *Hunt's Liniment saved my life.* I am 80 years of age, and make this public that every human being may know the value of this great medicine.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This *Extract is put up in Quart Bottles—it is six times cheaper, pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.*

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 cases of *GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c, have been and can be cured.

SPITTING BLOOD

New York, April 28, 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM RUSSELL, 65 Catharine st.

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir, I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested a Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester county

Fordham, August 13, 1847

Dr Townsend—Dear Sir, I have a little girl, seven years of age, who has been several years afflicted with fits; we tried almost everything for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nerveless of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully; very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females* &c &c, and have copied our bills and circulars which relate to the complaints of women word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease and undermine the constitution.

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood.

Three persons cured [illegible] this house [illegible] unparalleled.

THREE CHILDREN

Dr Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN [illegible]

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the city of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

H P PULING, M D,
J WILSON, M D, R B BRIGGS, M D,
P E ELMENDORF, M D

Albany, April 1 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

McKENNEY'S COSSACK SALVE!!

An invaluable Remedy!

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat; for the Eruptions of the Skin, and all Scrofulous Diseases, Fired Cores occasioned by Colds or Sickness, Salt Rheum, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts and Common Sores and Cuts and Bruises of all kinds.

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Lotions" that are now advertised as the "most effectual" and "certain cures" for all diseases indiscriminately to which man or animals are subject.

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.

We would only add that we have undertaken the task of manufacturing the above named Salve, at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of persons friends and those who have experienced its wonderful medicinal and all healing properties.

To us, indeed, has we do not expect to realize but the remuneration for our services, would be alike useless and unwise. But we flatter ourselves that it, lorsooh, we are richly paid, and the article soon very soon has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated we do not and shall not call to our aid the empty "puffing of the Press," or the bought certificates of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary and unsolicited.*

The Salve is now before the Public!

"Try, and they alone, will decide upon its real virtues and medicinal properties. In any less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success I applied some Salve obtained of Mr A M McKenney, and continued its application until I had used six bottles, which entirely cured me and I have had no return of the disease since. I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success.

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure without success we at last gave me about forty dollars. I bought 14 oz of McKenney's Salve, which effected an entire cure in less than two months.

SIMEON MARSTON

Garland, May 11, 1846

Bangor June 5, 1846

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men for the winter lumbering operations, I was induced to take a few bottles of your Salve, as I have been recommended it as one of the best remedies for accidental Cuts and Bruises, and I found indeed to my great satisfaction that it was an invaluable article. I also made application of it in cases of Cuts Sprains and Bruises upon my cattle, and found it equally beneficial. It can truly be called the All-Healing Salve.

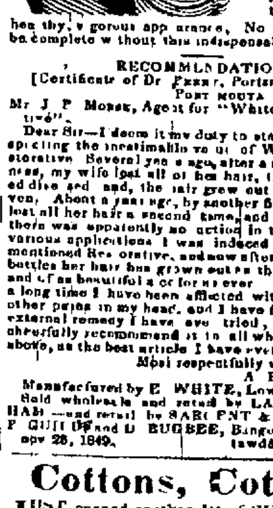
Whi e's Hair Restorative:

A PURELY VEGETABLE COMPOUND

For Restoring, Beautifying, Cleansing, Softening, and Dressing THE HAIR



THIS elegant preparation is fast taking the place of all other articles in use, for restoring and dressing the Hair. It prevents the Hair from falling off, promotes its growth, removes dandruff, and restores the natural and luxuriant growth of the Hair in all cases of baldness. It also removes pain and heat in the head, and is a sovereign remedy for all diseases of the scalp. It gives to the Hair a brilliant glossy lustre and a silken texture, and a healthy, vigorous appearance. No lady's toilet can be complete without this indispensable article.

RECOMMENDATION.

[Certificate of Dr Fessr, Portsmouth, N H]

Port North, Sept 29 1849.

Mr J P Moses, Agent for "White's Hair Restorative"

Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative. Several years ago after a severe fit of sickness, my wife lost all of her hair, the scalp appearing dry and sad, the hair grew out harsh, and uneven. About a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp. After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out thick, as lustrous and of a beautiful color as ever. Furthermore, for a long time I have been affected with neuralgic and other pains in my head, and I have found it the best external remedy I have ever tried. I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen.

Most respectfully yours, &c

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines,

Used by Physicians of high Standing

Prepared by STEPHEN JEWETT, son of the late DR STEPHEN JEWETT of Rindge, N H.

IT is not pretended that ANY ONE of these Medicines will RELIEVE OR CURE EVERY DISEASE. ALL REASONABLE PERSONS KNOW NO SINGLE ARTICLE CAN ACCOMPLISH SUCH RESULTS. But it is TRUE EACH of these medicines by thorough trial will be pronounced to have NO SUPERIOR OR EQUAL FOR RELIEF and PERMANENT CURE of those diseases for which they are recommended, as they have been tried, and proved by their continued use for the last fifty years by NUMEROUS FAMILIES and PHYSICIANS to be THRIFTY FAMILY MEDICINES, and pronounced to be ALL THE MEDICINES ANY PERSON or FAMILY can require, unless in very extraordinary cases. Their power over disease has not *been excelled—if equalled*—as numerous cures attest, where skillful physicians have failed to produce relief.

ALL CAN BE CURED, WHO WILL USE THEM AS DIRECTED, IS WITHIN THE POWER OF MEDICINE.

Dr. Stephen Jewett's Celebrated True Health Restoring Bitters

These Bitters remove all morbid secretions, purify the blood give great tone and vigor to the digestive organs, cure diseases that already exist, fortify the system against all future disease, can be taken with safety—at no time debilitating, the patient being gradually to the most delicate stomach, and remarkable for CURATIVE INVIGORATING, STRENGTHENING and RESTORATIVE PROPERTIES and an invaluable and sure remedy in

Liver Complaints Jaundice,

Dyspepsia; Flatulency or Wind, Costiveness, Faintness, Pain in the Side, Bones or Joints, Disorders of the Skin, Liver and Kidneys, Relaxed Bowels, Loss of Appetite, Unnatural Appetite, Sleeplessness, Depression of Spirits, Piles, Humors, Worms, Sinking and Fullness or Weight at the Stomach, Nervous Headache, and every form of Indigestion, Nervous Irritability, Giddiness, Drowsiness, Wandering Pains, Palpitation of the Heart, Scrofula, Asthma, Fire, Salt Rheum, Canker, Cancerous Sores, Incipient Consumption, and all other diseases caused by an impure state of the Blood, Liver, &c, or which tend to debilitate and weaken the system.

To FEMALES who suffer from a Morbid and Unnatural Condition, and who seem threatened with CONSUMPTION this is a Medicine of inestimable Value. It is an Excellent Remedy in SUMMER COMPLAINTS and a Great Preventive of FEVERS.

Dr Stephen Jewett's Highly Celebrated Pulmonary Elixir.

This Elixir contains many of the most highly approved cough or expectorant medicines, recommended by the United States London and Edinburgh Colleges of Health, but being peculiarly and fortunately combined is truly wonderful in its good results. *Particularly should it be a Medicine in every Family where there are CHILDREN as the delay incident to procuring a Physician in the night has been fatal to those whom timely assistance would have SAVED.*

This Elixir will prove itself to excel any thing, as a sure remedy in

Consumption of the Lungs, Coughs,

Colds, Sore Throat, Influenza, Asthma, Bronchitis, Quinsy, Croup, Whooping Cough, Difficulty of Breathing, Pains in the Side or the Breast, Soreness of the Chest, Distress when lying upon the side, producing Choking, or sense of Suffocation, &c, &c.

Dr Stephen Jewett's Justly Celebrated Strengthening Plaster.

This Plaster is composed of quite a number of vegetable substances peculiarly compounded—There never has been and there is not at the present time, a better plaster made or the various purposes for which plasters are used. It Has No SUPERIOR for removing

Pain, Internal Inflammations,

Rheumatism, Gout, Swollen or Weak Joints, Limbs or Cords, Lameness, Cramp, Pains or Weakness in the Side, Back or Breast, Weak Stomachs, &c &c, and when used in

LIVER AND PULMONARY DISEASES

will prove very beneficial to those suffering with such complaints.

Extract from a letter of an eminent physician in Worcester Co, Mass, a member of the Massachusetts Medical Society.

Winchendon, Jan 15, 1849

Dr Stephen Jewett

Dear Sir—I have used your *Health Restoring Bitters* in my practice, and have found them very serviceable in *Dyspepsia, Humors, General Debility,* and particularly in *Habitual Costiveness.* I consider it one of the best remedies in use. Yours &c,

IRA RUSSELL, M D

From one of the most eminent physicians in the State of New Hampshire

Temple, N H Jan. 17, 1849

Dr S Jewett

Dear Sir—I have examined your *Pulmonary Elixir,* and am well satisfied that it *merits the full confidence* of the community, as being what it purports to be, an efficient and safe remedy for all the diseases to which the respiratory organs are subject. It may be used with much more safety than almost any other article offered for this purpose, inasmuch as the dangerous effect of those organs, the frequent and legitimate result of most other remedies of the class, by reason of *their opiate character,* is, by this, entirely obviated.

The physician who should meet with it in families, would find it a *ready assistant,* by which his own labor in the dispensation of medicine would be obviated, and his efforts for relief essentially aided.

With much consideration your obed't servant

N KINGSBURY, M D

See what a very celebrated merchant and well known insurance agent says

Portland, Me, April 24, 1849.

Dr. Stephen Jewett

Sir—Having used your *Health Restoring Bitters* and *Pulmonary Elixir,* in a considerable extent, in my family, for the past winter, I would be happy to bear testimony as to the efficacy of those medicines, the former for *restoring loss of appetite, sick headache, languor and general debility,* the latter for *coughs and sore throat*—in fact I think *no family should be without these restoratives always at hand* thereby frequently *superseding the necessity of calling in a physician.*

Your ob't serv't,

CALEB S CARTER

From George W McLellan Esq, formerly a distinguished citizen of Maine, now of the city of Boston

Boston, Mass May 3, 1849

Dr Stephen Jewett

Sir—I have used your *Pulmonary Elixir* in my family for a year or more, and it has proved *decidedly the best cough medicine I have ever known.* I therefore most heartily recommend it to all who may require such a medicine.

Respectfully yours

GEO W McLELLAN.

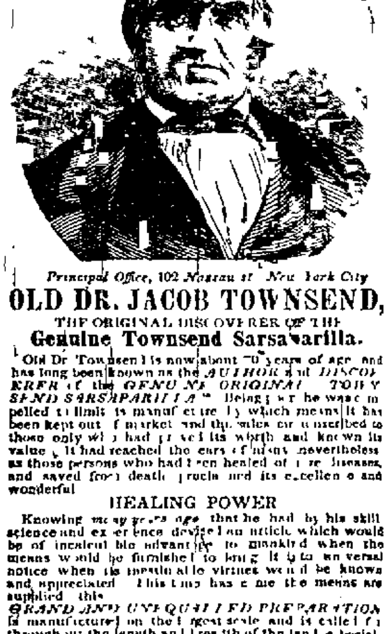
CAUTION EXTRA.

A man by the name of CLAPP has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, which they call Dr Townsend's Sarsaparilla, denominating it GENUINE Original etc. This Townsend is no doctor and never was, but was formerly a worker on railroads canals, and the like. Yet he assumes the title of Dr, for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and purchase none but the GENUINE ORIGINAL OLD Dr Jacob Townsend's Sarsaparilla having on it the Old Dr's likeness his family coat of arms, and his signature across the coat of arms



Principal Office, 102 Nassau st New York City

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL TOWNSEND SARSAPARILLA. Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value. It had reached the ears of many nevertheless as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing many years ago that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated. This time has come the means are supplied this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration.

Unlike young S P Townsend's it improves with age, and never changes but for the better because it is prepared on *scientific principles* by a *scientific man.* The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use produce *fermentation* and *acid* which is injurious to the system. Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture. Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat, are the very *essential medical properties* of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from anything else; they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it SARSAPARILLA EXTRACT or SYRUP. But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children. We find it doing wonders in the cure of

CONSUMPTION, DYSPEPSIA and LIVER COMPLAINT and in RHEUMATISM SCROFULA PILES COSTIVENESS, CUTANEOUS ERUPTIONS PIMPLES BLOTCHES and in all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *Indigestion,* from *Acidity of the Stomach,* from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in *Colds* and *Coughs,* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of *Fluor Albus* or *Whites, Falling of the Womb, Obstructed, Suppressed,* or *Painful Menses, Irregularity* of the menstrual periods and the like, and is as effectual in curing all the forms of *Kidney Disease.*

By removing obstructions and regulating the general system it gives tone and strength to the whole body and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation, Neuralgia, St Vitus Dance, Swooning, Epileptic Fits, Convulsions* &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body and the insensible perspiration, relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS.

while the other DOES; *souring, fermenting* and *blowing the bottles* containing it into fragments; the sour acid liquid exploding and damaging other goods. Must not this horrible compound be poisonous to the system?—*What! put acid in a system already diseased with acid.* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours, and thus spoils all the fluids of the body more or less. What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell and infinitely worse to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S P TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation.

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P Townsend's FERMENTING COMPOUND.

We wish it understood because it is the *absolute truth,* that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla *are heaven wide apart and infinitely dissimilar;* that they are unlike in every particular having not one single thing in common.

As S P Townsend is no doctor and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases?

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity, that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience its

Transcendent Power to Heal

HONEY! HONEY!!

BY BEES FED

WHO ever supposed that the management of Bees and the making of Honey would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business.

A citizen of the State has invented a mode of treatment by which Bees can be managed without difficulty and at a small expense, honey made at the rate of from three to four hundred pounds per swarm each season. The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others either by town or individual rights as may best suit purchasers and on such terms as bring it within the reach of all wishing to engage in it.

The advantages gained by this Patent are—

1st, A perfect command of the Bees and a large increase of the swarms, without the trouble of hiving.

2d. A full security against the danger of robbing by neighboring Bees.

3d, The honey is of a better quality and much more in quantity per swarm than has ever been made by Bees managed in any other manner. This is done by feeding as by that means the Bees not only rendered independent of flowers for his supplies but able to give his whole time to the work of making and storing his honey.

4th, The opportunity is afforded of taking the honey at any time without disturbing the Bees.

Lastly. It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income and to aged persons and persons of feeble health to support themselves independently and that with little or no labor.

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase that, on trial they will find it answering their highest expectations.

His residence is at this place where he will be happy to answer all those who may address him (post paid) on the subject
